PROFESSIONAL SUMMARY

Front-End Developer skilled in Next.js and Tailwind CSS, focused on delivering responsive, high performance web applications. Dedicated to writing clean code and creating intuitive user experiences.

WORK EXPERIENCE

Freelance Front-end Developer

Remote **January 2025 – Present**

- Developed responsive and high-performance web applications using **Next.js, and Tailwind CSS**.
- Built intuitive and user-friendly frontend interfaces following modern **UI/UX best practices**.
- Integrated **RESTful APIs** to display dynamic, data-driven content on the frontend.
- Optimized application performance, accessibility, and cross-browser compatibility.
- Implemented **authentication and role-based access control** on the frontend.
- Maintained and improved existing frontend systems by debugging issues and enhancing user experience.

- Collaborated with designers and backend developers to deliver complete, high-quality end-to-end solutions.

EDUCATION

Bachelor of Computer and Information Science

Assuit University, Egypt **Graduated: 2024**

SKILLS

• **Frontend Development:** React.js, Next.js, Tailwind CSS
• **Backend Development:** Node.js, Express.js
• **Languages:** JavaScript (ES6+), TypeScript
• **API Development:** RESTful APIs, CRUD Operations, API Integration
• **Databases:** MongoDB, Mongoose, SQL (basic knowledge)
• **Authentication & Security:** JWT, Role-Based Access Control, Data Validation (Joi)
• **Architecture & Practices:** MVC Pattern, Clean Code, Error Handling
• **Performance Optimization:** Query Optimization, Caching Basics
• **Version Control:** Git, GitHub
• **Tools & Workflow:** Postman, ESLint, Prettier
• **Collaboration:** Agile Methodology, Trello

Projects

Perfume & Skincare Shop – Jan 2026

Front-end Developer
Developed a modern, responsive e-commerce frontend using React.js, Next.js, and Tailwind CSS. Built intuitive interfaces for product browsing, shopping cart, and checkout flows, ensuring seamless user experience across devices. Implemented an **admin dashboard** for managing products, orders, and sales analytics. Integrated with REST APIs for dynamic, data-driven content and secure authentication.

Tools & Technologies: React.js, Next.js, Tailwind CSS, TypeScript, REST APIs, JWT Authentication, UI/UX Design

Electronic Store– Jan 2025

Front-end Developer
Developed a modern, responsive frontend for an online retail platform with multi-user roles, product browsing, and order handling. Built intuitive interfaces for shopping, checkout, and an **admin dashboard** for managing products and store operations. Integrated with REST APIs for dynamic content, authentication, and secure payment workflows.

Tools & Technologies: React.js, Next.js, Tailwind CSS, TypeScript, REST APIs, JWT Authentication, UI/UX Design

Medi Mingle App– Jan 2024

Full Stack Developer
Developed a responsive and user-friendly frontend for a medical management system, enabling patient data handling, appointment scheduling, and streamlined user workflows. Built an **admin dashboard** for efficient management of system operations and integrated interfaces for secure payment handling. Connected to REST APIs to display dynamic, real-time data.

Tools & Technologies: React.js, Next.js, Tailwind CSS, TypeScript, REST APIs, JWT Authentication, UI/UX Design
